SUMMARY

Enthusiastic and detail-oriented web developer with a strong foundation in both front-end and back-end technologies, including HTML, CSS, JavaScript, React, and Tailwind. Proficient in building responsive and user-friendly websites and web applications. Quick learner with a passion for coding and problem-solving. Eager to contribute to a dynamic team and grow professionally in a challenging development environment.

PROJECT

Portfolio

- **Description:** Designed and developed a personal portfolio website to showcase skills, projects, and professional background. The portfolio features a modern, attractive design and is fully responsive, ensuring an optimal viewing experience across various devices.
- **Technologies Used:** HTML, CSS, JavaScript.
- **Achievements:** Successfully created a platform to highlight personal achievements and projects, demonstrating proficiency in front-end development and design principles. Enhanced user engagement through an intuitive and visually appealing interface.
- **Key Features:** Color theme, Light and dark switch mode, Name animation.
- **Color theme:** We have introduced 5 different colors, in which user can view the portfolio for better engagement.
- **Switch Mode:** To improve user experience, An alternate light and dark mode switch is provided.
- **Animation:** Highlighting our work by making it more attractive using animations.
- **User Interaction:** To understand our users and their queries, A query section along with a form for personal details of user is given at the end.

EDUCATION

Bachelor's Degree in Maths
Nagpur University
📅 2018 - 2021   📍 Nagpur, Maharashtra

Master's Degree in Physics
Institute of Science, Nagpur
📅 2021 - 2023   📍 Nagpur, Maharashtra

SKILLS

Web Development   **HTML**   **CSS**

Tailwind CSS   **React**   **Javascript**

Node.js   **Python**   **MongoDB**

STRENGTHS

🏅 **Web Technologies**
Proficient in basic web technologies

🚩 **Communication Skills**
Known for excellent communication

PRACTICE PROJECTS

WeatherApp

A dynamic Weather application. Made using weatherAPI, JS for real-time updates and Material-UI for sleek design.

https://nargisfs123.github.io/WeatherApp/

Countdown Timer App

Developed an intuitive countdown timer application to help users track time for various activities, enhancing time management and productivity.

https://nargisfs123.github.io/TimerApp/

Todo App

Developed a user-friendly todo application designed to enhance productivity by allowing users to efficiently manage and track their tasks.
